# Welcome

Welcome to our Spring 2013 brochure. I am sure you are itching to get outdoors to make your water garden look it's best ever this year. We took advantage of the poor weather last year by investing in our product range. As a result we believe we can now bring you our best ever catalogue of products. As always our experts are on hand to answer any questions and I look forward to hearing from you soon.

Happy Gardening!

Stephen Armstrong,  
Managing Director

## Award Winning Website

# Flexiliner Pond Liner

"All successful ponds start with a good lining"

- Tearproof
- Rot Proof
- Waterproof
- UV Resistant
- Guaranteed
- Value for money
- Folds neatly into corners

Exclusive

BESTSELLER

pondXpert

Why pay more?

HALF PRICE  
Underlay with all  
40yr Flexiliners

We have spent years of effort trying to create the perfect pond liner and believe we might have cracked it! Despite the bargain price, performance is not compromised - proved by over 20,000 successful installations since 2006.

We built our own pond using Flexiliner . . . here's some project pics

Digging the pond

Lining with underlay

Rolling out the flexiliner

Opening liner out

Pushing into shape

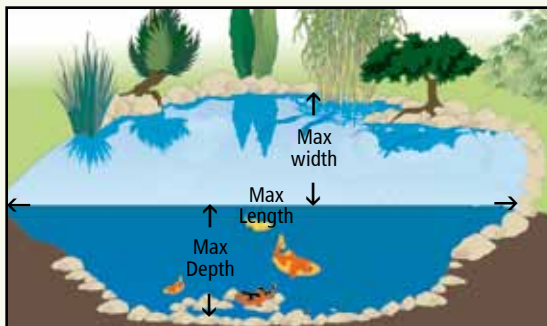

Fill with water

## Calculating your liner size

**Length** = max. pond length + (depthx2) + 1m overlap

**Width** = max. pond width + (depthx2) + 1m overlap

Check out our 'ready reckoner' in the first column of our liner listings (opposite) which shows the resulting pond size of each of our liners using this formula. Choice of pond shape and depth is up to you. We recommend that a part of the pond should be at least 1m deep (3' 3") to provide an area where fish can keep warmer overwinter. Larger and deeper ponds are easier to maintain. Most of our customers surveyed wished they had gone bigger!

**Conversion:**

Mtrs to feet: Multiply by 3.28

Ltrs to gallons: Divide by 4.54

Pond size figure shown for guidance only.

Pond can be any depth, suggested overlap of 1m included.

Please allow 3-7 working days delivery for rubber and large PVC liners.

# Pond Liners

All successful pond projects start with a good waterproof pond liner. A pond liner provides a watertight membrane to stop pond water seeping away.

## Firestone Rubber 1.02mm

In an effort to present you with as much choice as possible we have introduced another rubber liner to our range. Firestone is a heavier, thicker liner for maximum puncture prevention.

**£6.25** per sqm See Pg 8 Overleaf for sizes

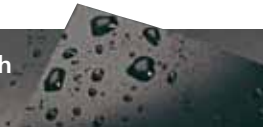

## PVC Pond Liner

We have extended our range of 0.5mm PVC liners this year. Thicker than LDPE but not tearproof. These are priced:

15yr guarantee **£2.49** sqm

30yr guarantee **£2.99** sqm.

Half Price Underlay with  
30yr PVC

## Butyl rubber

First choice for professionals for many years. Lifetime guarantee (20yrs on 140sqm plus), 0.75mm thick.

**£7.49** per sqm.

## EPDM rubber

Same physical characteristics as Butyl but with significant cost savings. Lifetime guarantee (20yrs on 140sqm plus), 0.75mm thick. We find that this synthetic rubber now outsells butyl.

**£5.49** per sqm.

**PRICE MATCH**

Being a pond liner specialist means we offer the lowest prices. However, if you find a liner cheaper in the UK we will happily match that price\*

\*New goods, non-auction web sites

## Underlay

We recommend that all pond liners are underlaid as extra protection for your liner. It helps to prevent root penetration and punctures from small stones/debris. Underlay supplied matches the sqm of our liners.

"Basic" is a budget underlay, providing a good level of protection. Particularly suitable for small ponds or where sand is used as a primary barrier.

**£1.10** per sqm.

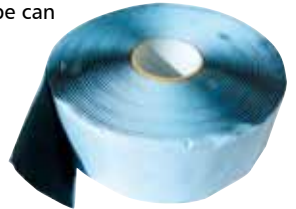

"Pond Fleece" premium underlay is a heavy 200gsm needled felt. Recommended for all ponds - particularly larger liners or stoney ground.

**£1.70** per sqm

Cold Glue double-sided tape can be used on all liners - use it to join liners together or to fix punctures or tears. 5cm wide (2inch) 2mm thick.

**£4.00** per linear mtr  
**£30.00** for 10m roll

## Blagdon PVC Repair Kit

High performance underwater adhesive with PVC liner piece (30x9.5cm). Works with all PVC liners.

RRP £7.99 **£3.49**

**HALF PRICE**

# Pond Liners

## Firestone Rubber 1.02mm

This EPDM geomebrane is the thickest liner we sell (1mm). New to our range, selected to compete with Butyl that is unfortunately rocketing in price. It is straightforward to seam or repair and is guaranteed for 20 years. Uniquely this liner sizes is measured off in imperial measurements (feet).

L x W Metres	L x W Feet	Price
3.1 x 2.4	10 x 8	£46.51
3.1 x 3.1	10 x 10	£58.14
3.7 x 3.1	12 x 10	£69.77
4.0 x 3.1	13 x 10	£75.49
4.9 x 4.3	16 x 14	£130.24
5.5 x 4.3	18 x 14	£146.51
6.1 x 4.9	20 x 16	£186.05
6.1 x 5.5	20 x 18	£209.31
6.7 x 6.1	22 x 20	£255.82
7.3 x 5.5	24 x 18	£251.17
7.9 x 6.1	26 x 20	£301.95
9.1 x 7.9	30 x 26	£452.43
12.2 x 8.5	40 x 28	£649.88
12.2 x 9.2	40 x 30	£697.12
15.2 x 12.2	50 x 40	£1,161.10
30.5 x 15.2	100 x 50	£2,903.22

Over 60 more sizes exist online - We can supply any of the listed widths in maximum lengths of 100' (30.5m)

## Concrete Pond Accessories

Concrete ponds are finished with a layer of render to create a smooth surface. You then need to seal this later to stop the water getting in and the lime seeping out.

You need 3 coats of clear G4 when you apply it to a pond. This is a total of 550g per square metre.  
Example lets say the pond is 3m x 2m and 1m deep.

- 1. Work out the area of the bottom**  
(in example  $3 \times 2\text{m} = 6\text{sqm}$ )
- 2. Find the area of one of the sides.**  
**Then multiply by 2 to cover both sides.**  
(in example sides  $1 = 2 \times 1 = 2\text{sqm} \times 2 = 4\text{sqm}$ )
- 3. Find the area of the other pair of sides:**  
(in example sides  $2 = 3 \times 1 = 3\text{sqm} \times 2 = 6\text{sqm}$ )
- 4. Add up sides and floor**  
( $6\text{sqm} + 4\text{sqm} + 6\text{sqm} = 16\text{sqm}$ )
- 5. Multiply total by**  
 $550\text{gsm} = 16 \times 0.55\text{kg} = 8.8\text{kg}$

### G4 Clear

Apply 20g per 1kg of mortar mix. **£16.99**

### Just Fix It

Two part putty repairs cracks & holes in concrete. **£6.99**

# Pond Liner Edging

**NEW**

Up to **33% OFF** existing stone faced liner prices

Pebble or stone faced liner protects the main liner and makes the transition from pond to land seamless. We liked the perfect finish that stone liner can give to a pond - but we were not as keen on the high price!

We have solved this situation by sourcing an exclusive new product that means we can bring you a similar quality but up to a third cheaper than usual selling prices.

Not only that but there is a new size & colours too!

Price per linear metre, cut off roll	Our Price	Full Roll Buy Save 20%	Our Price

# Watercourses

Most ponds have a waterfall. They create a real focal point and the bubbling water helps to oxygenate the pond. Also you will find a natural bank of earth is created by the displaced soil after your pond dig. The following pages show the best preformed watercourses on the market today.

Atlantis Similar Rockfalls are made out of tough fibreglass but the surfaces are hand finished to resemble real stone. These falls can be used individually or joined together to create a longer stream.

(Dimensions cm W x L x Pour)

**Rockfalls - Curved Stream**  
70x107x30cm RRP £135.99  
**Our Price £119.99**

**Rockfalls - Cascade Fall**

## Rockways Rustic Slate Watercourse

This is the finest watercourse we have seen. Supplied in a rustic slate finish it looks incredibly realistic and would grace any water garden. The course is modular so it can be run as a three piece structure (as shown) or changed to a two or four piece structure. The top piece includes a 32-20mm hose inlet so the water feed can be disguised.

Overlapping 3 shelf feature as shown is approximately 1.7m x 1m x 0.8m LxWxH

Recommended flow rate 2400lph

Water supplied by hidden hoesetail into a specially cut 'well' to create a natural flow.

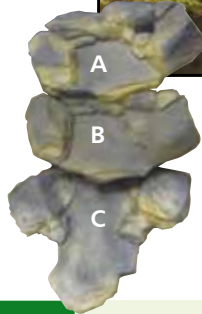

A) Top - Shelf with inlet 70x105x15cm  
was £119.99 now **£99.99**

B) Middle - Shelf 70x105x15cm  
was £119.99 now **£99.99**

C) Bottom - Shelf Overhang 83x109x12cm  
was £119.99 now **£99.99**

Complete 3-piece fall (3 x concrete separates)  
**£249.99** was £349.99 **SAVE £100!**

Complete 3-piece fall (1 x resin unit)  
**£249.99** was £349.99 **SAVE £100!**

### TOP TIP

Middle shelves can be added to increase the height and length if required.

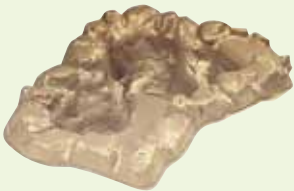

ROCKWAYS

**NEW** - A, B & C pieces are now available as a single resin structure. Dimensions and price are the same. The modular pieces are manufactured out of concrete. We stock both types - please let us know which one you prefer when ordering.

## Instant Watercourses

Lotus Instant Watercourses. These waterfalls and streams provide instant interest to a pond. Lightweight and great value for money.

**Header Pool**

# Stainless Steel Waterfalls

Stainless steel splashback not included

## Niagra Stainless Steel Waterfalls

Give your pond a contemporary look with our range of Stainless Steel waterfalls. They deliver a perfect sheet of water with amazing reflective qualities.

They can be fitted in a variety of ways depending on the look of your pond; either built in or fixed to a wall. Each one comes with a 25mm hosetail that can be sited either at the back of the waterfall or in the base (and a blanking plug for the other one).

Model	Width (cm)	Flow Rate (lph) *	RRP	Our Price
Niagara 30	30	3000 - 4500	£128.99	<b>£99.99</b>
Niagara 60	60	4500 - 8000	£208.99	<b>£149.99</b>
Niagara 90	90	12000 - 22000	£309.99	<b>£219.99</b>
Niagara 30 LED	30	3000 - 4500	£177.99	<b>£139.99</b>
Niagara 60 LED	60	4500 - 8000	£266.99	<b>£199.99</b>

Please note that these waterfall blades have been designed for a maximum installation height of 1.2m to reduce the natural "V" formation of the water and to minimise wind effect.  
\*Lower flow rates based on a height of 60cm."

These stainless-steel designer waterfalls can be built into a wooden or stone wall, or easily mounted onto a wall with just a few screws. They can also be used to create a dramatic effect as your clean water leaves it's filter system.

**£209.99** Kit in action

### SPECIAL OFFER

Waterfall Kits Includes 3000lph pump, waterfall, 5m x 25mm hose, 25mm clips.

# Pond Pumps

The pond pump provides the 'heartbeat' of your pond. Its job is to push water around the pond creating a natural circulation of air and water. This movement keeps your pond healthy and looking good. Please take a browse through the following section and see which is the right pump for you. . . .

Look and sound beautiful and have the benefit of allowing the water to absorb additional oxygen. Larger fountain pumps will commonly have a water diverter allowing you to run water to a waterfall as well as running a fountain. Can power filters but not recommended for this.

Perhaps the most important pump for your pond. All our filter pumps are designed to be able to pump large particles of solid matter (up to 12mm) to your filter. These pumps are tough and designed to run 24/7 in all weathers. Great for powering waterfalls too.

All-in-one pump and filter units are a recent innovation that does away with the idea of a separate pump, filter and UVC. Here everything is built into one handy submerged unit. Perfect for patio ponds and newcomers to the hobby.

The most eco-friendly and cheapest to run out of all our pumps. However flow is limited and they can't be used to power a filter.

**NEW** exciting range of Solar Air Pumps now available

# All in One Pond Pumps

Multi-function, compact pond technology solutions specially designed for smaller ponds. The traditional pond system includes a pump, UVC and external filter as separate but intertwined units. The thinking behind these new products is to combine all three of these essential items in one compact, submerged unit.

The benefits of this idea are:

- Easy no-fuss installation
- Completely hidden under the water surface - no conspicuous filter boxes, hoses or multiple electrical cable
- Just connect item to electrics, place underwater, switch on. . . and that's it!

**EasyClear - The Complete Clear & Healthy Pond Solution.** Available in three model sizes suitable for ponds between 3000-9000 Litres.

- The original, bestselling all-in-one solution
- 3 year guarantee
- Can run a waterfall & fountain simultaneously (3000 model either/or)

## PondXpert Triple Action

The new PondXpert All-in-One contains everything you need to run healthy algae-free popular sized ponds. A new more powerful 4000 model joins the popular 3000 in offering a pump, UVC and filter in one compact unit.

**3000** 1000lph pump, 13w UVC, suitable for fish ponds up to 2000 litres

RRP £129.99 Our Price **£49.99**

**4000** 2000lph pump, 9w UVC, suitable for fish ponds up to 3000 litres

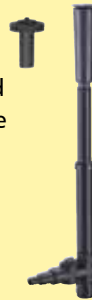

RRP £159.99 Our Price **£69.99**

Both pumps come complete with 5m power cable and stepped hosetail 20-25mm

### SPECIAL OFFER

FREE fountainhead Kit with both these products. Allows use of all-in-one as a waterfall OR fountain  
Worth **£9.99**

## PondXpert All4One

A filter, pump and UVC unit in one submersible unit. Recommended for use in Ponds up to 4000 litres (including low stocks of fish). Large filter surface area, large internal filter foams and bio-media.

- 2000 Litres per Hour maximum flow rate.
- Stepped hosetail outlet fits 20mm Hose
- Power Cable Length: 10 Metres

Dimensions: 400 x 200 x 150mm

RRP £179.99 Our Price **£79.99**

**Fantastic  
FEATURES  
Low prices**

Instantly add extra oxygen into your pond with a solar oxygenator. The pump is powered by solar energy from the sun so no need for outdoor electrics. The hotter & sunnier it gets the better the unit works. . . just when your fish, plants and other pond life need it most!

Suitable for small to medium sized ponds (max volume 4500 litres / 1000 gallons).

### PondXpert SolarAir 200

Powerful 200LPH Solar Oxygenator with twin airstones and twin airline (2 metres).

1.4W 7V Amorphous Solar Panel, Solar Panel supplied with ground spike, 6V DC Air Pump with 3m Power Cable. Max Air Stone Depth: 1 metre

RRP £59.99 Our Price **£29.99**

### PondXpert SolarAir 200 PLUS

Same features as SolarAir 200 but with added benefit of battery back-up. Unit can work during periods of dullness or darkness. This is actually when your fish need the air most! Includes 4 AA 1200mAH rechargeable batteries. Max Air Stone Depth: 1 metre. Control panel with switchable modes.

RRP £79.99 Our Price **£39.99**

### PondXpert SolarAir 100

Top value 100LPH Solar Oxygenator with single airstone. Airline & Air Stone (2m of hose), Solar Panel supplied with ground spike. 6V DC Air Pump with 3m Power Cable. Air Volume: 100LPH, Max Air Stone Depth: 1m

RRP £49.99 Our Price **£24.99**

### PondXpert SolarAir Float

Floating Solar Pond Air Pump. Maximum Air Output 150lph. 0.8w solar panel. 0.5m airline with single airstone.

RRP £59.99 Our Price **£29.99**

### PondXpert Replacement Airstones

Airstones will wear out over time - don't worry as we have the replacement airstones suitable for all PondXpert models.

RRP £1.29 Our Price **£0.99**

**The benefits are:**

- Quiet operation
- No running costs
- No mains electricity necessary

**Solar Oxygenator Air Pumps**

180lph Operates in direct sunlight.  
suitable for small/medium ponds (up to 4500 litres).  
2 air-stones (2m long tubes).  
3m cable to solar panel  
RRP £49.99 Our Price **£39.99**

**PondXpert SolarShower 150**

Entry-level solar fountain that produces a vibrant fountain display in direct sunlight.  
1.4w solar panel.  
Maximum fountain height 30cm.  
Maximum flow rate 150 lph.  
RRP £49.99 Our Price **£24.99**

**PondXpert Solar Shower 500**

High power 400lph solar fountain.  
Operates in direct sunlight.  
5m power cable.  
3.5w solar panel.  
Two fountain displays with max height 0.8m.  
RRP £99.99 Our Price £49.99 **£39.99**

**PondXpert Solar Shower 300**

Medium power 250lph solar fountain creates a range of displays up to 60cm (2') high.  
Features battery back-up and LED lights.  
Looks great day & night.  
RRP £79.99 Our Price **£39.99**

## Sunjet 150

Mini water pump powered by solar energy. Can be used in your pond or used to create a water feature. Pump can float on water surface or bottom mounted using suckers on base. Powered by a separate solar panel (supplied). 3 different fountainheads for different effects. *Maximum fountain height 35cm (14"). Maximum flow rate 180 lph.*

RRP £34.99 Our Price **£29.99**

### Technical Specification

<b>Solar Panel</b>	
Voltage	6 V
Power	0.8 W
<b>Pump</b>	
Voltage	4-12 V
Flow Rate	180 l/h

Lights up at night

Battery back up

## Sunjet 300

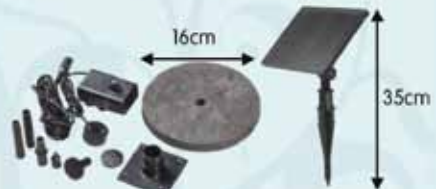

Water pump powered by solar energy. Can be used in your pond or used to create a water feature. Pump can float on water surface or bottom mounted using suckers on base. Powered by a separate solar panel (supplied). 3 different fountainheads for different effects. Rechargeable battery provides back-up power during dull weather conditions or runs the pump completely at night provided it is sufficiently charged. Battery capacity of over 6hrs operation with illumination. 2x white LEDs automatically switch on at night using a night sensor.

*Maximum fountain height 50cm (20"). Maximum flow rate 215 lph.*

RRP £79.99 Our Price **£59.99**

### Technical Specification

<b>Solar Panel</b>	
Voltage	6 V
Power	2 W
<b>Battery</b>	
Voltage	4.8 V
Capacity	1000 mAh
<b>Pump</b>	
Voltage	4-12 V
Flow Rate	215 l/h

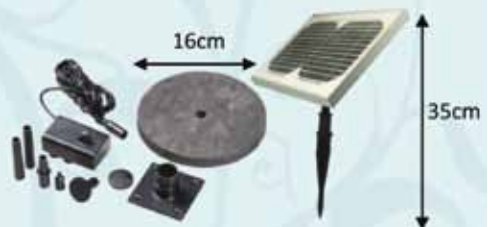

## Sunjet 500

Mini water pump powered by solar energy. Can be used in your pond or used to create a water feature. Pump can float on water surface or bottom mounted using suckers on base. Powered by a separate solar panel (supplied). 3 different fountainheads for different effects. *Maximum fountain height 100cm (40"). Maximum flow rate 265 lph.*

RRP £79.99 Our Price **£59.99**

### Technical Specification

<b>Solar Panel</b>	
Voltage	12 V
Power	3 W
<b>Pump</b>	
Voltage	4-12 V
Flow Rate	265 l/h

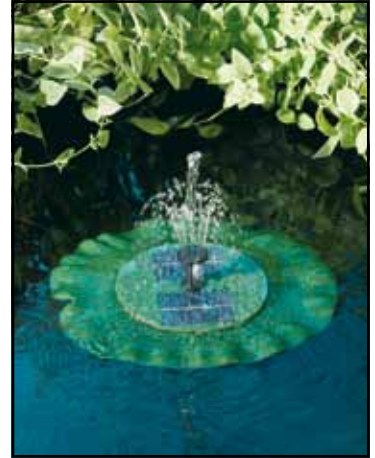

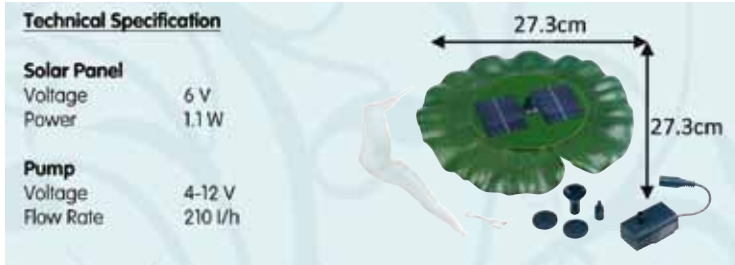

## Floating Lily Fountain

Integral solar panel and low voltage pump with filter. Simply place on pond surface with no need for cables or panel. Can be anchored or free floating and comes supplied with 3 different fountain heads. Minimum waterdepth required is 15cm (6").

*Maximum fountain height is 45cm (17"). Maximum flow rate 210 lph.*

RRP £34.99 Our Price **£29.99**

## Solar Spitter - Frog Floaters

This novel feature is over a foot wide and creates a real talking point. Also the intermittent spray is a great way to keep away nosey cats or herons from your precious fish.

Works even in cloudy weather but the sunnier it gets the more they spit!

32cm diameter x 20cm high (13" x 8")

Integral Solar Panel

RRP 99.99

Our Price **£49.99**

**NEW**

## PondXpert Solar Lily with LEDs & Remote Control

Simply place unit on the water surface and press the "On" button on remote control. The fountain will work for 2 hours before shutting itself off automatically. During darkness the 4 intergrated LED lights will switch on automatically to create an illuminated display.

- Floats on surface with intergrated solar panel
- Powered by rechargeable batteries (included)
- Three spray styles
- 4 LEDs, blue, green, red and mixed colour
- Maximum fountain height 50cm
- 1.6w solar panel,
- 250lph max flow rate

RRP £99.99

Our Price **£49.99**

# Fountain Pumps

For many an attractive fountain has come to symbolise all that is good about the perfect water garden. From the aesthetically pleasing view of an ever-changing water display to the relaxing patter of falling droplets. A fountain pumps offers you all of this and more! Your pond and it's inhabitants will thank you too as the moving water helps to aerate the pond by increasing oxygen levels.

Most fountains can do more than one job. For instance part of the water flow can be diverted to create a stream or waterfall. They can even be used to power a filtration system - especially the 'hybrid' fountain pumps which can handle solids.

Consider the fountain pump to be the star on top of the christmas tree. Your pond is not complete without one. . .

## Pondshower

NEW Pondshower pumps offer extraordinary value. Quality is not compromised as these pumps are powered by a reliable synchronous motor. All pumps offer variable flow control and have a foam-free strainer cage for easy maintenance.

- Dual flow control
- Super low prices.

**Oase Aquarius Start**

Oase have a well deserved reputation in the market for offering the best quality. This standing is reinforced by this easy-to-install fountain pump. 3yr guarantee.

- Thermal cut-off device
- 3 nozzle patterns (shown)
- Telescopic swivel fountainhead
- Sturdy, large T piece for 100% flow redirection

# Fountain Pumps -Hybrid

The pumps featured below are special as they can be used as a fountain pump or a solids-handling pump when required. Fountain pumps are often sold for 'universal use' but in reality if they are used to power a filter then the strainer cage will get quickly blocked.

## Pontec Pondovario

Pontec Pondovario is unique - it can be run as a fountain pump or as a solids-handling filter pump. The 'wings' on it's protective shell can simply be clipped off allowing larger solids to pass through. Offered under Oase's bargain 'Pontec' brand you can be assured of engineering excellence from Germany backed by a three year guarantee.

Friendly slots in strainer cage may be enlarged to 5mm for solids handling (2000-4000) and 6mm (5000-9000). Larger models are fully solids capable (12mm) Most economical pump. 3yr Guarantee.

**FISH MATE**

"This model was one of the easiest to assemble and one of the least prone to blocking"  
Which? magazine July 2010 - where Fishmate 3000 scored best in test

## PondXpert MightyMite Pond Pump

Reliable small pond pump perfect for powering a water feature or can be used to create an attractive display (as shown). Max output 1000lph, 16w power.

12-25mm hosetail,  
RRP £39.99 **£24.99**

# Filter Pumps

Solids handling pumps are often described in different terms such as 'Filter Pumps' or 'dirty water pumps'. What they are designed to do is to pump dirty water 24/7 to a filter and/or waterfall. Solid particles are able to pass through the large gaps in the pump outer strainer cage and the tough pump impellor can push these particles out.

## How to select the right size pump for your pond

### Flow rate

This is the power of flow or how much water the pump will move. - catalogue shows this as 'Max Flow LPH' Abbreviation stands for Litres Per Hour (LPH) and the larger your pond the higher flow you will need.

### Flow requirements

A typical goldfish pondkeeper should aim to turn the water over once every two hours. A heavily stocked/koi pond should be turned over every hour.

**Example:** Pond Size 4x3m and 1m deep (13'x10'x3'). Maximum pond volume if rectangular with no steps = 4x3x1000 = 12000 Litres (2643 gallons).

Guideline pump would be 6000lph (1321 gallons per hour). For a koi pond a 12000lph pump could be chosen.

### Pumping Uphill

Pumps lose pressure when they pump uphill as they have to work against gravity. Typically a pump may be required to power a waterfall of 1m (3' 4") and these reduced flow rates have been listed for easy reference. Using the example of the 12000 Litre goldfish pond above, if a 1m height was required then a suitable upgrade would be the Aquamax Eco 8000 which produces 6000lph at 1m.

**Spring SALE £10 off**

## PondXpert Flowmaster Pond Pump

At last a genuine solids-handling pump that can double as fountain pump when required. By removing the secondary (internal) strainer cage (supplied with 3500 & 4500 models only) the tough impellor can handle solids up to 5mm large. Simply reattach the internal strainer to utilise the fountain attachment. Simple but brilliant idea!

- FlowMaster 3500 was £49.99 now **£39.99**
- FlowMaster 4500 was £59.99 now **£49.99**
- FlowMaster 5000 was £69.99 now **£59.99**

**FREE** fountainhead T-Piece means pump can be used as a fountain.

Upgraded Model

## Oase Aquamax Pro Premium

"Aquamax" is a pond pump name that most serious pondkeepers will have heard of. New for Spring 2012 Oase has engineered an improved version that is more energy efficient than ever. Made in Germany these filter pumps boast the following features.

- Reliable flow rates with very low power usage (eg, 4000 costs approx £0.74 per week to run 24/7)
- Unique frost protection (pump can withstand temp down to -20 deg C)
- Twin inlets (2nd inlet can be attached to a satellite strainer or skimmer)
- Flow rate can be mechanically & electronically adjusted
- Pump can be run dry or submerged
- Large 10mm solids can be handled (11mm on 8000 & 12000).

- 'Eco' motor is highly economical
- Second inlet (6000 up) for attachment to a satellite filter/skimmer also allows full flow control - turn your waterfall up or down as desired
- Wildlife Protection System - protects small fish, frogs, etc from accessing the pump (2mm grid)
- easy lifting in & out of the pond
- 4000 and under handle 6mm solids, 8000 on 10mm solids

## PondXpert FreeFlow

New for 2013 the PondXpert FreeFlow looks to be a winning design. As the name suggests this pump promises smooth free-running. It makes use of the latest developments in pump technology.

The motor contains intelligence which means that it can change its performance depending on the demands placed upon it. It recognises low water levels and will switch itself off to protect damage. It can handle solids up to 8mm and to work continuously with very little maintenance.

**NEW**

- Easy tool-free access to remove filter cage
- Pump automatically shuts down if low water level detected
- 3 year guarantee
- Ultra low running cost

# Pond Filtration

Filtration is the process by which your pond is cleaned of impurities. With modern filters there are three major stages:

## Ultra-Violet Clarifier (UVC)

The UVC subjects the pond water to UV radiation. This means that microscopic single-cell algae flocculate (stick together). The resultant large particle pieces are picked up by filter foams and prevented from re-entering the pond. This prevents your pond looking green (like pea soup).

## Mechanical Filtration

Pond debris such as fish waste and dead pond plant particles are caught in mechanical barriers - typically foam. These foams are often graduated to catch even the smallest pieces.

## Biological Filtration

Finally pond water will often pass through a bed of bio-media. This material will typically have a multi-surface appearance (eg, flocor or Kaldnes) on which friendly bacteria thrive. These bacteria will break down Ammonia, which is caused by dead and decaying organic matter, into Nitrite. A different type of bacteria

*Nature Ponds do not require a filter. They do require patience as they take longer to set up (perhaps 18 months) and you will need plenty of plants, probably covering 2/3 of the pond area. These plants and pond bacteria will use and digest any toxins left by fish and rotting organic waste. Any fish must be introduced slowly*

then breaks this dangerous Nitrite down to Nitrate and will be absorbed by plants as they grow.

## Which one is for me?

Filters are sold by the size of the pond they are designed to serve. We have indicated a 'Pond size' next to each filter which shows how the maximum pond volume the model will serve under 'normal' conditions (eg, average goldfish stock, semi-shade position, plenty of plants).

## Main types of pond filters available:

**A) Flow-through Filters**

The traditional 'Box' filter sits pondside or at the top of a waterfall. Pond water is pushed into one end and returns via gravity from the other. These filters are generally larger and provide a massive area of filtration media to cope with larger ponds.

**B) Pressure Filters**

A more modern approach is to house the filter media into an airtight canister. The water enters the filter under pressure and leaves it under pressure allowing the filter to be hidden. Great for smaller ponds - these filters provide maximum landscaping opportunities.

**C) Koi Filters**

Koi are large fish which produce a lot of waste and eat pond plants. Therefore a koi pond require larger, more sophisticated filtration.

# Flow Through (Box) Filters

## Blagdon Midipond Filters

Unique seven stage filter process to provide a beautifully clear and healthy pond with minimum maintenance.

- Venturi aeration chamber provides oxygen rich water perfect for friendly bacteria.
- Powerful UVC light guarantees algae free water.
- Easy to clean, lift-out stainless steel mesh screen stops most solids entering filter.
- Graded filter foams x 3 provides further mechanical filtration of smaller particles.
- A bed of professional biological ceramic media allows higher fish stocks
- Fine, replaceable polymer wool pad catches tiny 'cloud' particles polishing the water.
- Replaceable carbon impregnated foam removes any final chemical pollutants
- Water returns to pond via optional 2,3 or 4 x40mm filter outlets

## Hozelock EcoPower+ and EcoCel

These popular box filters have been used successfully for many years. The EcoCel is similar to the EcoPower+ the main differences being that it has no built-in UVC or sludge-drain. Both filters offer foam and flocor biomedica. Handily, the outlet (2 outlets on 10,000 models) is 40mm meaning standard hose can be used as extension pipe.

# Flow Through (Box) Filters

## Oase Flow-Through Filter Sets

Oase have a renowned reputation for the highest quality pond products.

Their filtration systems are favoured by many commercial landscapers. Now they bring Flow-Through filtration systems to suit ponds big and small.

### Biosmart Sets

Pitched at the new pondkeeper who wants that little bit more quality. These sets are even more competitively priced this year making them a very attractive option.

- Easy maintenance thanks to cleaning handles and bottom drain/inlet 25-40mm
- Pollutant level indicator and thermometer
- Oxygen enrichment via special water channelling.

# Pressurised Filters

## HozeLOCK Bioforce Revolution

HozeLOCK Bioforce was one of the bestselling pressurised pond filters. Now for Spring 2013 it has been re-engineered by those clever chaps at HozeLOCK. We saw this unique filter on test and were seriously impressed. Certainly the best 'EasyClean' feature we have seen. The unique feature is that the filter sponges are loose square blocks rather than the usual rings. When the filter is running they work successfully as 'normal' filter sponges at blocking debris BUT when it's time for cleaning the sponges break up and are swirled around by turning the cleaning handle.

- Powerful UVCs prevent green water
- Efficient Biological Filtration (Kaldness K3 media in bottom chamber)
- Diverter valve switches dirty unwanted water to waste outlet
- Hose Inlets 20-25mm Classic, 25-40mm Bioforce Revolution.

The perfect filter upgrade. The Recommended pressure filter for koi / mixed fisheries.

## EasyFilter

These new filters are a joy to use - simply rock the switch to the 'clean' position to backflush the filter of accumulated dirt via the special waste outlet. This dirty water can be directed to your drain or flowerbeds.

- Easy clean feature
- In-built UVC for clear water
- Gradiated foams for mechanical filtration.
- Biomedia for biological filtration.
- 30,000 was a bestseller last year now range extended to suit all sizes of garden pond.

### So easy to clean. . .

### 'Rocker' handle switches from 'clean' to 'waste'.

Three inlet/outlets as found on more expensive filters.  
20-40mm Inlet, Outlet & Waste (12-25mm 4500)

Filter media 4500

## EasyFilter

Introduced in 2010 these large pressure filters proved their reliability and were a real hit with our customers. Their large capacity mean that pondkeeper's with bigger ponds can now enjoy the benefits of pressurised filtration. The bigger filters come complete with increased features but still at a highly competitive price.

**Dimensions (cm)** 4500 - 27 x 37 cm, 9000 - 34 x 44 cm, 12000 - 34 x 52cm, 20000 - 41 x 59cm, 30000 - 41 x 69cm

Tilt & pivot handle to adjust flow to 'waste'

Easy Change UVC (20,000 & 30,000)

Filter can be buried up to lid as shown

## PondXpert Spinclean Pressure Filters

These premium filters are brand new for 2012. From the robust durable plastic used in its construction to the quality of the fixtures and fittings it ships with everything points to a quality product.

Maintenance and cleaning of this unit is easy by using the external handle – this turns a row of internal ‘paddles’, agitating the filter foams. The dislodged dirt is ejected via the waste outlet.

Features:

- Quality features at a bargain price
- Tap on waste discharge valve
- Clear hosedtail so you can see if your water is dirty
- UVC ‘working’ indicator
- Waste indicator pops up on lid when filter needs cleaning

## Filtoclear

Long considered the ‘Rolls-Royce’ of pressurised filters these units have a very high build quality. Utilising Oase’s unique Easy-Clean technology means you can clean clean the sponges simply by pushing and pulling the blue handle in lid. Superior in build quality to Biopress (See below) they also have a third outlet for waste.

## EasyPod

Evolution Aqua produce the most modern pond filters on the market today. The Eazypod has been designed with small koi ponds in mind (10,000 litres - 2200 gallons) but it's superior design can also be employed on ornamental/goldfish ponds. In this less demanding environment the Eazypod can handle up to 20,000 Litres (4400 gallons)

### How it works . . . Regular Running

Dirty water enters filter and is drawn to the centre of the pod. Water passes through special Kaldness filter media which traps the dirt. Dirt gets stuck in the filter media - clean water returns to pond.

### How it works . . . Cleaning

Switch off pond pump. Switch on air pump to agitate the filter media. Filter media bubbles up and dirt is dislodged. Run dirt to waste - Switch pump back on.

23inches (58cm) tall and wide

Model	RRP	OUR PRICE	Add a pump & save £££'s

Air versions come complete with a 70lph air pump and fittings worth **£129.99**

## Nexus 210 & 310 Koi Filters

For larger koi ponds the Nexus Eazy 210 and 310 are proving highly popular with our customers. The concept of the vortex shape with the Eazypod is repeated but the air pump also supplies an outer chamber. This 'floating bed' is full of media and is rich in healthy bacteria to convert Ammonia and Nitrite into harmless Nitrate. The 210 can be used with koi ponds up to 18000 Ltrs (4000 gallons), the larger 310 up to 34000 Ltrs (7500 Gallons)

### Dimensions (LxWxH)

210: 126x111x85cm

310: 143x132x103cm

Astonishingly low footprint for such an effective filter

EasyFit kit

# Pond Kits - Starter Fish Pond

**Exclusive**

All of the kits on this page are highly popular start-up pond sets. They all come complete with a genuine solids handling pump, UV filter and everything you need to get you started including all hose and clips.

These kits are designed for low stocks of fish set up in a sheltered location & approx. 50cm (1' 8") deep

Note that the pond dimension figures are just a guide. You could always dig your pond deeper - as long as the liner is big enough. You will find a deeper pond is easier to look after and better for your fish.

**BESTSELLER**

## Starter Fish Pond

The contents are ideal to create a goldfish pond of 2m x 2m x 0.6m. Max volume 2400lts / 500 gallon.

# Pond Vacuums

## Blagdon Pondmonsta

Vacuum operates on a continuous flow for fast and powerful pond cleaning. Water is passed through a hose, to a clever collector bag (available separately) which filters debris and allows the clean water to flow back into the pond.

- Powerful suction - 6000 litres per hour
- 6 metre delivery hose
- Remote control on/off switch
- Economical pump motor 350w
- Removes both small and large debris up to 32mm
- Easy to store and set up

RRP £263.99 Our price **£169.99** Spring 2012 was £199.99!

Collector RRP £62.99 Our price **£53.99**

**Pondmonsta + Collector £209.99** - save £13.99

Extension Pole RRP £16.99 Our price **£14.99**

(adds 1.2m to handle length for deeper ponds)

Extra wide 30cm Brush Head RRP £15.68 our price **£14.99**

Quickens job by enabling user to vacuum wider areas.

**Pondmonsta + Collector, Head & Extension £229.99** - save £23.97

**FREE** Pond Gloves with all electronic vacs.

**Easy to store**  
- takes up less space than traditional vacuums.

## Hozelock Pond Vacuum

A lightweight in-pond vacuum that offers outstanding value for money. The Hozelock Pond Vacuum is easy to use; simply put the vacuum in the pond and it will push a constant stream of dirty water and sludge up the tube of the vacuum and out of the pond. Chopping blades break down any large pieces of debris, allowing water to flow quickly and easily through the vacuum tube without any blockages.

- Cheaper to run than a comparable vacuum - only 80w
- Extremely quiet operation.
- 10m cable
- 3m waste hose
- Extendable handle up to 2m for a long reach
- Two nozzles; one wide for larger areas and one small for more fiddly corners
- Brightly coloured nozzles makes it easy to see in the pond
- Transparent connector between waste hose and handle makes it easy to see how much waste you are removing

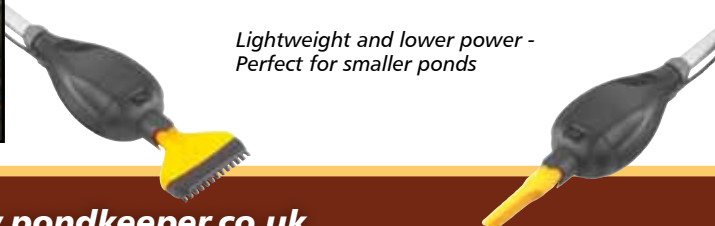

**FREE Discharge Bag**

RRP £179.99 Our price **£99.99**

Hozelock Pond Vacuum Collection Basket **£34.99**

*Lightweight and lower power -  
Perfect for smaller ponds*

We've searched high and low to bring you the most affordable pond vacuum in the UK. Despite its low price it offers an impressive range of features:

- Powerful 1400w motor, allowing 2.0m suction depth
- Large 30 Litre water chamber
- Automatic emptying. Chamber fills with dirty water then automatically switches off and empties - once empty it auto restarts and vacuuming continues
- 4m suction hose
- 2m Discharge hose
- Can be used indoors as a wet/dry vacuum
- Fine mesh discharge bag can be placed over discharge outlet meaning filtered water can be returned to pond. Often water will be very dirty and can simply be discharged to flower beds (great fertiliser!)
- Comprehensive accessories including 3 heads, dustbag for indoor use and discharge bag to collect debris

RRP £199.99 Our Price **£79.99** - save £10.00

A comprehensive set of accessories is included

If you always wanted a vac but found them too expensive - now is your chance to buy

### Oase Pondovac Start

Our bestselling entry-level pond vacuum from Oase offers the usual high build quality found with this premium manufacturer. It boasts many features including:

- 2 year guarantee
- Powerful 1400w motor, allowing 2.0m suction depth.
- Compact 27 Litre water chamber.
- Low noise thanks to new noise reduction unit.

- Automatic emptying.
- 4m suction hose
- 2m Discharge hose
- Can be used indoors as a wet/dry vacuum.
- 4 suction nozzles: Crevice nozzle, algae nozzle, flat nozzle with rubber lip, variable sludge nozzle (2-10mm).

RRP £294.99  
Our Price **£149.99**

### Pontec Pondomatic 3

Manufactured by parent company Oase this vac is essentially the same as the Pondovac Classic but with a simpler timer switch. Instead of emptying when full the vac works for 20 seconds then switches off and empties for 20 seconds, repeating this pattern until you are finished vacuuming. It also has only three interchangeable heads instead of four but included in the head range is the main 2-10mm Universal Head found in the more expensive Classic.

Our Price **£99.99** - was £119.99

**FREE** Pond Gloves with all electronic vacs.

# Pond Maintenance

## Oase Pondovac 4

Oase were the first to market with the pond vacuum concept and they continue to lead the way. The Pondovac 4 is the only chamber vacuum to offer continuous suction. This is achieved by an ingenious two-chamber fill/empty system.

This top-of-the-range vacuum boasts the following features:

- Max suction depth 2.4m
- Powerful 1700 watt motor
- Wheels make it easy to manoeuvre
- Four interchangeable heads (detail shown below)
- 2.5m long discharge hose, 5m suction hose
- NEW hand regulator for adjusting flow power
- 3 year guarantee

RRP £419.99  
Our price **£259.99**

### a) Brush Nozzle

For corners and stubborn debris

### b) Universal Nozzle

Adjustable (2-10mm) reliably removes pond dirt without vacuuming gravel.

### c) Wet & Dry Nozzle

Wider tool for indoors and out.

### d) String Algae Nozzle

Strands can be separated and very easily removed.

## Pond Vac Discharge Extension Kit

Add-on kit includes a 2.5m discharge extension tube, plus a discharge collection bag. Fits Oase vacs and Cleanopond.

Our Price **£39.99**

## Discharge Collection Bag

Fine mesh discharge collection bag with locking mechanism for a tight fit.

Our Price **£4.99**

## Replacement sponge Collar

Chamber vacs (Oase, Cleanopond) require the use of a sponge 'collar' to protect from particles.

Our Price **£9.99**

## Pond Vac Indoor Bags

Replacement paper bags. Suitable for Cleanopond, Pondovac Start/Classic & Cleanopond.

Pack of three **£4.99**

UK's First Cordless Pond Vac!

## Laguna Powerclean

Laguna Powerclean is powered by a rechargeable 18v battery. It's light weight and shoulder strap make it easy to clean any pond. Absence of power cord allows complete freedom to roam when cleaning.

- 30 mins continuous operation
- Debris bag
- 18.5v battery & charger
- 2.3m telescopic reach

**FREE** Pond Gloves with all electronic vacs.

RRP £299.99 Was £129.99 Now **£109.99**

## Oase Aquaskim CWS

ONLINE VIDEO

**Pond skimmers** effectively free the pond surface of leaves, food remnants and other pollutants. Murky pond water or algae growth is therefore reduced as the pond is kept biologically balanced

### Oase Aquaskim CWS

Powered by an intergrated 3500lph pump this skimmer maintains a surface area up to 50sqm. It comes with a large collection basket. Can be used to keep an area ice-free in winter. Injector function injects additional 600lph oxygen into the water.

- 4.5 litre filter basket volume
- 45 watts
- 10m electrical cable
- 3 year guarantee

*Dimensions 45x40x39cm*

RRP £286.99 Our Price **£199.99**

### Oase Aquaskim 25

Bestselling 'smaller brother' of the Aquaskim CWS. Powered by a 2500lph intergrated pump it can maintain a smaller surface area up to 25sqm. This 5m x 5m surface area covers most garden ponds.

- 0.9 litre filter basket volume
- 40watts.
- 300lph aereator function.
- 2 year guarantee

*Dimensions 33x30x25cm*

RRP £133.99 Our Price **£94.99**

**BESTSELLER**

### Oase Aquaskim 40

Effective skimmer used by attaching to a pond pump. (The Aquamax Eco is ideal as it has two inlets). It has an integrated debris basket (1.4ltr) and a large base so it can be weighted down. Can be used in depths 30-80cm. 25-40mm hose accepted

*Dimensions 45x40x39cm*

RRP £86.99 Our Price **£64.99**

### PondXpert Skimmster

Bargain skimmer ideal for small ponds up to 25 square metres (16x16ft) surface area.

- 45watts.
- 2500lph intergrated pump
- 10m power cable.

RRP £129.99

## Pond Gloves

New improved shoulder length pond gloves. Extra-long gauntlet offers top protection. One size fits all.

Our price **£12.99**

**FREE** Pond Gloves with all electronic vacs.

**BlanketWeed** is a long string algae that thrives in healthy ornamental ponds. Its growth is increased by bright sunlight and shallow fast running water so it will be found in water-falls and unshaded pond areas. Overstocked fish ponds can also contribute.

The simplest 'natural' treatment is to stock the pond with plants and animals that actively consume blanket weed or compete for the same food. Other highly successful methods include the careful use of copper ions, barley straw and pond vacuums.

## Blagdon Blanket Weed Buster

A probiotic blend of bacteria that will keep your pond healthy and free of algae and pond sludge.

**Standard** (2270l) **£9.49**  
**Value Pack** (4500l) **£17.99**

## Blagdon Barley Straw Extract

Contains the active ingredient found in barley straw to combat blanket weed & green water.

**250ml** (treats 2273l) **£9.99**  
**1ltr** (treats 4546l) **£32.99**

## Blagdon Pond Balance

Safely and gradually adjusts your pond's water chemistry achieving a balance which clears blanketweed

**500 gallon** (2273l) **£9.99**  
**1000 gallon** (4546l) **£16.99**  
**3000 gallon** (13638l) **£38.99**

## Blagdon Electronic Blanketweed Controller

Ingenious device that gives long lasting protection from blanketweed. A multi-frequency processor disrupts algae growth. Weatherproof unit. Only 4w to run.

RRP £59.99 Our Price **£49.99**

## BlanketWeed Beater

12 soluble sachets, each sachet treats 4500 ltrs / 1000 galls.

**12 wk treatment** **£14.99**  
**3 for 2 offer** **£29.99**

## Nishikoi Goodbye Blanketweed

Does just what it says on the tub! Simply drop one water soluble bag into pond each week (each bag treats 4500l).

**REG 6 wk treatment** **£9.99**  
**BULK 32 wk** **£49.99**

## Blanc-Kit Excel

A tried & tested remedy for blanketweed. Add the specific amount required.

**1500** (treats 6820l) **£8.99**  
**3000** (treats 13600l) **£14.99**  
**9000** (treats 40900l) **£34.99**

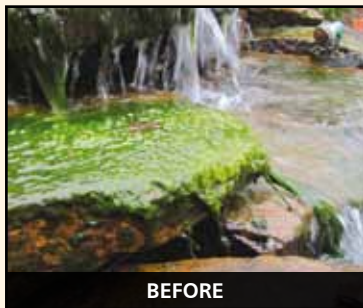

## Barley Straw Triple Pack

The traditional method against blanket weed and algae. Float the net of barley straw just below the surface. One log of straw per 4500l

**Triple Pack** **£4.99**

# Pond Treatments

**BESTSELLER**

**BEFORE**

**AFTER**

**pondXpert**

**BUY ONE GET ONE FREE with Blanketweed Beater Sixpack**

Simply drop one water-soluble sachet into your pond or filter every week. Each sachet treats up to 4500 litres/ 1000 Gallons. **Pack of 6 £9.99**

**Cloverleaf Blanket Answer**

Add to the pond by pouring mixed powder /pond water evenly over the surface. 800g will treat ponds up to 10,000 litres. Horticultural Magazine HDC awarded this product their antiblanketweed "Best in Test".

- 0.8kg £19.99**
- 2.0kg £39.99**
- 4.0kg £69.99**

**Nishikoi Micro Clear**

Contains millions of mirco-organisms to lower the amount of Nitrate to a level where algae and blanketweed find it hard to survive. Also contains microbes to digest sludge and fight against disease forming pathogens. 100% natural. 6 tablets - 1 tablet treats 1800 ltrs.

RRP £13.95 Our Price **£9.99**

**Laguna Phos-X Phosphate Remover**

Clears blanketweed fast. 1 pack treats up to 5000Lts (over 1000 galls) for up to 3 months. Simply place the product (handily contained in a pourous mesh bag) in your pond filter. Successfully traps nitrate, nitrite and phosphate.

# Pond Treatments

## Slimy algae/Greenwater

### Green Water Beater

12 soluble sachets, each sachet treats 4500 ltrs / 1000 galls.

12 wk treatment **£14.99**  
**3 for 2 offer £29.99**

### Goodbye Greenwater

Simple water soluble sachets especially effective against slimy algae and greenwater.

8 wk treatment  
 for 4500l **£14.99**

### Green Away

Non toxic treatment clumps algae together so they sink or are removed by filter. See UVCS.

250ml (11,365l) **£7.99**  
 500ml (22,730l) **£14.99**  
 1 ltr (45,460l) **£17.99**

## Dirty water

### Sludge Buster

Contains millions of bacteria which actively consume organic sludge. Use after anti algae products.

9000 Ltr pack **£10.99**

### Mud Maestro

12 soluble nuggets, each nugget treats 4500 ltrs / 1000 galls.

12 wk treatment **£14.99**  
**3 for 2 offer £29.99**

### Clear Pond

Clears dirty, cloudy water by clumping together fine suspended clouding particles, which then sink & clear pond water.

250ml (5682l) **£7.99**  
 500ml (11,364l) **£14.99**  
 1ltr (22,730l) **£17.99**

## New Hozelock Treatments

**Buy One get One FREE**

### Hozelock Pond Filter Start

Use starter when activating filters in new ponds, starting filters in spring or adding new fish stock.

500ml **£9.99**

### Hozelock 3 in 1 Pond Cure

Use to control blanket weed and green water and reduce sludge from bottom of pond.

500ml **£9.99**

### Hozelock Barley Straw Extract

Use to control blanket weed (string algae) and green water.

500ml **£9.99**

All these new treatments contain naturally selected strains of waste degrading bacteria to boost biological activity in your pond. One bottle treats up to 25,000 Litres (5500 gall)

# Pond Treatments

**New Ponds** Any new pond build should be left unstocked until at least six weeks have elapsed in order to allow the pond's natural eco-balance to level. Beneficial 'friendly' bacteria will build up and breakdown any harmful toxins. A simple test kit will allow you to take water samples to measure ph (6-8 is ideal, 7 perfect), ammonia, nitrite and nitrate.

## Water Testing Equipment

### Tetra 6in1 Handy Test Pack

Test for Chlorine, pH, Carbonate, Hardness, Nitrite & Nitrate. Handy pack of 25 tests.

RRP £11.99 Our Price Only **£9.99**

### Blagdon Pond Master Test Kit

Accurate tablet testing kit. Ten tests each for pH, Nitrite, Ammonia and Nitrate. 40 tests in total.

RRP £26.99 Our Price Only **£22.99**

### Digital pH Tester

Easy, accurate testing of pond water quality. One touch self-calibration.

RRP £59.99 Our Price Only **£54.99**

**Water Conditioners** Tap water is toxic to fish as it contains chlorine and other chemicals. This should be neutralised with a treatment. Alternatively collected rainwater can be used. Bacterial boosters add friendly bacteria to the pond quickly - speeding up maturation

### PondXpert Tap Water Tonic

Top quality water conditioner. Removes chlorine & ammonia and boosts alkalinity. Treats 7284 litres.

473ml bottle **£14.99**

3 for 2 Offer **£29.99**

**BESTSELLER**

### Blagdon Fresh Start

Removes chlorine.

250ml **£7.99**

500ml **£14.99**

1litre **£17.99**

### Blagdon Bio Start

Contains bio-cultures that balance pond. 4 sachets.

treats 9000lts **£10.99**

### Goodbye New Pond Problems

Contains bio-cultures. 2 soluble sachets

treats 9000lts **£5.99**

## Pure Pond

Pure Pond Balls are packed full of healthy bacteria in a polymer shell. Add to your filter system to smooth out any peaks and troughs of the Ammonia/Nitrite cycle. Cleverly, the healthier your water the longer the balls last. 500ml treats 10,000 litres.

500ml **£9.99**

1000ml **£18.99**

2000ml **£29.99**

## Pure Pond Bomb

Pure Pond Bomb is a highly concentrated version of the balls. Simply drop one straight into your pond or filter to clean up organic waste and break down the ammonia and nitrite.

Single **£14.99**

3 Pack **£39.99**

Note: For Blagdon Liquid treatments, each 250ml treats 2273l (500 gal)

# Pond Fish Health

To keep fish successfully you need healthy water. The "settling down" phase of a new pond is particularly tricky as the biological cycle may take six weeks to six months to settle down.

A test kit will show if your pond ph value is near the perfect neutrality level (7). Incorrect levels can be due to filtration problems, immature ponds, inadequate planting, over feeding, over-stocking or rotting vegetation in the pond. If your fish are showing signs of distress or illness then we have a range of treatments to help nurse them back to health.

## Blagdon Pond Salt

Improves water quality.  
In-built ph buffer

**2.27kg £7.99**

**9.08kg £26.99**

## Blagdon Ammonia Remover

Removes toxic ammonia & chloramine from ponds

**250ml £14.99**

## Blagdon General Tonic

Keep disease away

**250ml £7.99**

**1litre £17.99**

## Duckweed Buster

Prevents the growth of duckweed.

**250ml (2273l) £10.99**

**1ltr (9092l) £35.99**

## Blagdon Anti-Fungus

Treats fungus, finrot & mouthrot

**250ml £7.99**

**1litre £17.99**

## Blagdon Anti Ulcer

# Air Pumps

**NEW**

## Hozelock Air Pump Range

Stylish, reliable, weatherproof range of air pumps. There is a comprehensive range to suit most ponds. All are fully weatherproof so can be left outside.

Model	Air Flow Ltrs	Max Depth	Air Stones	Air Tube	Non Retn Valves	RRP	OUR PRICE
Hozelock 320	320 per hr	1.2m	2	10m	2	£39.99	<b>£29.99</b>
Hozelock 640	640 per hr	1.2m	4	10m	4	£69.99	<b>£49.99</b>
Hozelock 1500	1500 per hr	2.0m	2	20m	2	£119.99	<b>£94.99</b>
Hozelock 2700	2700 per hr	2.0m	2	20m	2	£149.99	<b>£119.99</b>
Hozelock 4500	4500 per hr	3.0m	2	20m	2	£179.99	<b>£139.99</b>

Adding oxygen to a fishpond is very important to fish health. This is particularly true in summer months and if the pond is heavily stocked. Air pumps provide all the oxygen your pond needs - even at night when it is needed most.

## Oase Oxytex and Sets

The latest in aeration technology. Think of the Oxytex as a super airstone.

Air is pumped through the large disc airstone through the natural looking plastic "fronds" to create an aerator with an extensive settlement surface.

## Green Oxytex Fibrous Air Stone

Oxytex 400 small (14x29cm) **£59.99**  
 Oxytex 1000 lge (22x30cm) **£74.99**

or part of a set with the bestselling AquaOxy air pump.

## Oxytex Sets

Set Name	Air pump	Price
Oxytex Set 400	A'oxy 400	<b>£149.99</b>
Oxytex set 1000	A'oxy 1000	<b>£189.99</b>
Oxytex set 2000	A'oxy 2000	<b>£219.99</b>

AquaOxy 400 offers up to 420lph for ponds up to 5000 litres, 10w.

AquaOxy 1000 up to 1000lph for ponds up to 10,000 Litres, 15w.

AquaOxy 2000 up to 2000lph for ponds up to 20,000 Litres, 25w

- Weatherproof transformer so can be left outdoors.
- 2+3m power cable.

## Blagdon Pond Air

The Blagdon Pond Air is a high performance air pump, specifically designed for smaller pond use. Complete with 8m of air line and a stone for each outlet. Maximum operating depth is 1.2m.

### Please note:

*this pump is not weatherproof.*

PA1 210lph, RRP £31.99 **£27.99**

PA2 330lph, RRP £43.49 **£36.99**

## Solar Oxygenator Air Pumps

No running costs. The original, bestselling model is suitable for small ponds (max 4500 litres). Maximum output 180lph.

RRP £49.99  
 Our Price **£39.99**

Orderline 01642 370888

# Pond Maintenance

## Ultra Violet Clarifier

### What is an Ultra Violet Clarifier?

A UVC consists of a chamber holding an electrical lamp behind quartz glass. Water is pumped through this chamber to prevent pond water turning green.

### How Does It Work?

Pond water is subjected to high levels of U.V light. This U.V light causes the microscopic single cell algae to be clumped together allowing them to be collected and broken down by the biological filter.

#### Before UVC

Typical "pea soup" colour.

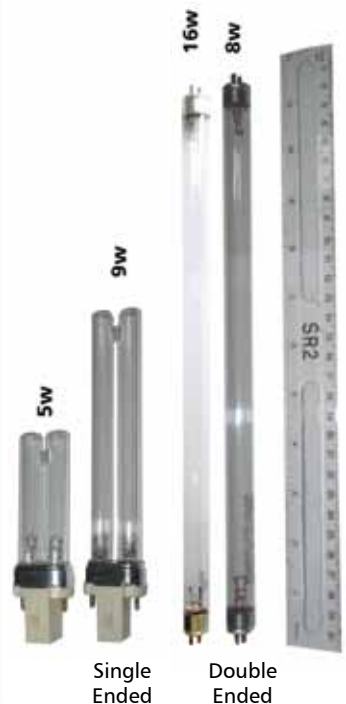

#### After UVC

Clear water lets you see what is happening below the waterline.

Bulb Watts	Bulb Type	OUR PRICE	Example Filter that Bulb fits

 Sunny 25%  
 Under 75cm depth 25%  
 Koi 50%  
 8-10 watts per 1000 gall/ 4500 Ltrs.

# Pond Plants

## Planting Baskets

Aquatic planting baskets have been designed with mesh to help retain the soil. A fabric liner can be used to reduce any soil leaching.

## Aquatic Soil

Premium, fertiliser free. Suitable for all plants. 20kg - let us take the strain!

10 Litres **£7.99** 20 Litres **£12.99**

## Planting Bag

Easy to use, more flexible than baskets, fit in small areas.

### PLANTING BAGS

Type (L x W x D) cm	Triple	Single
Small round 15 dia x 15	<b>£2.99</b>	<b>£1.49</b>
Med. round 25 dia x 20	<b>£3.99</b>	<b>£1.99</b>
Small square 18 x 18 x 18	<b>£2.99</b>	<b>£1.49</b>
Med. square 25 x 25 x 20	<b>£3.99</b>	<b>£1.99</b>
Large square 30 x 30 x 25	<b>£4.99</b>	<b>£2.49</b>

3 for 2

## Plant Sock

Plant/soil holder which can be formed into a flexible 'sausage' shape. Buttons then stop soil falling out. Great for nooks & crannies.

Small Sock 10dia x 80cm **£7.99**

Large Sock 15dia x 80cm **£8.99**

## Fine Lining Squares 5 pack

Very fine mesh means no soil can escape with this black fibre.

50x50cm **£2.99**

As well as looking beautiful aquatic plants play an important part in keeping your pond balanced.

Plants absorb nutrients, reduce light levels in the water and produce oxygen. Plants also provide shelter for fish and natural material on which they might spawn.

3 for 2

### PLANTING BASKETS

Type (w x d) cm	Triple Pk	Single
Small round 14 dia x 10	<b>£1.99</b>	<b>£0.99</b>
Med. round 21 dia x 13	<b>£3.49</b>	<b>£1.99</b>

## Floating Planters

This great idea allows marsh plants to be positioned anywhere. Floating and linkable plant basket.

Small 25cm dia **£7.99**

Large 35cm dia **£9.99**

25/35cm Set **£12.99**

### TOP TIP

If you can cover 2/3 of the surface of your pond with floating plants/baskets your pond water will be much easier to manage.

## Over Liner Mat

Planting material with pockets. Hide exposed liner with plants for a more natural look.

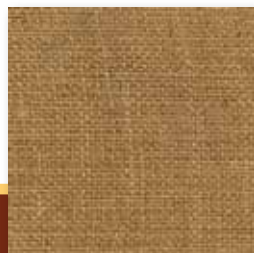

1.10 x 1.05m **£14.99**

## Hessian Squares 5 pack

Used to line planting baskets - especially wider gapped baskets like our lily basket.

60x60cm (2'x2') **£4.99**

Underwater plants are essential parts of the pond. They look great, provide shelter for fish and are important as an outlet substrate during spawning season in the spring. Unfortunately some species of fish wreck these plants by eating them. Plastic plants are a clever solution.

We offer 3 types of plastic plants which are about 100 cm long Waterweed (Elodea Densa), Hornwort (Ceratophyllum demersum) and Ludwigia (Ludwigia repens). The plants are weighted to keep them in position. We will make the selection of plant depending on stock

### Laguna Fertiliser Sticks

Simply push these once-a-year sticks into your aquatic plants and flowers to maximise their colour and size. Will only activate above 10 degrees C (50f). Slow releasing, low phosphorous, no negative effect on water quality.

3 Pack **£4.99**

### Pond Gravel 8 Litres

Cover material for soil and plant baskets. Gravel size 4/6mm

**£7.99**

**NEW**

**T TOP TIP**  
 Only feed once a day at season end/start (5-8°C)  
 In summer (10oC) can feed 2-3 times. Remove any uneaten food after 5 minutes.

In established pools, where there is a good balance of plants, wildlife and fish there will be plenty of natural food for your fish to feed on. However, pond food acts as a supplement to the fishes' diet and is enjoyable for the pondkeeper. Often ponds will be more heavily stocked and there may not be enough plant life to attract insects. Here feeding is vital to the health of the fish. High protein foods should be fed in the summer with only low protein (eg, wheatgerm) fed in the winter.

### Tetra Floating Sticks

A complete staple food for all fish. The UK's bestselling pond food.

780g	£12.99
1.15kg (10ltr bucket)	£19.99

# Pond Feeding Equipment

## Hozelock Automatic Fish Feeder

Indispensable for holiday feeding, the Automatic Fish Feeder can be mounted on a pond wall or on the supplied stand. Operate via a single control incorporating a battery-operated clock and a frequency dial which gives a choice of up to six feeds per day. The food chamber holds up to 800ml (approx. 100g) of fish food.

RRP £119.99

Our price **£79.99**

## Fishmate Fish Feeder

Automatic fish feeder for up to 21 days. Reliable and accurate timer AA battery included.

RRP £59.95

Our price **£29.99**

## Fish Mate P7000 Pond Fish Feeder

Suited to larger ponds for use with pellet or 'stick' food. Variable feed sizes are dispensed at programmed times or on demand at the touch of a button.

- 7 Litres/ 6.5lbs / 30 cup capacity dry food hopper.
- Easy to use LCD control with approximately 6 to 9 months battery life in continuous use.
- Unique feed mechanism ensures accurate and consistent feed sizes from teaspoons upwards.
- Weather-resistant
- Can be fastened to a secure base for increased stability.
- Suitable for most popular food sticks and pellets

Fishmate P7000 feeder RRP £114.99 Our Price **£59.99**

**FISH MATE**

## PondXpert Fish feeder 5000

Large enough to serve most garden ponds this automatic feeder is fully programmable and offers great value for money.

5 litre food capacity/ 20 cups / eg, 500 grammes of Tetra floating Sticks

Automatic feeds up to 6 times per day

Feed quantity can be set.

Timing of feeds set by programmable clock / LCD display.

Mount the feeder on the support bracket or position pond side

Low battery indicator.

RRP £89.99 Our Price **£49.99**

## Pond Thermometers

### Velda Solar Thermometer

Floating Digital display (no batteries required)

RRP £17.19  
Our Price **£14.99**

### Pondxpert Floating Thermometer

Reliable thermometer which floats on the pond surface underneath novelty frog buoyancy aid.

Our Price **£6.99**

### Nishikoi Floating Feeding Ring

Allows easy removal of any uneaten pond food. Prevents food drifting around pond surface. Helps maintain water quality.

**£3.99**

# Pond Protection

## Netfloats - Effective Floating Heron Deterrent

Here at pondkeeper herons often attack our ponds. We didn't like the spoiling effect netting created on the pond but these new Pond Protectors solved the problem in an attractive way. The protectors are supplied as floating grids that you lay the exposed perimeter of your pond. The heron can neither stand on them or poke its beak through them. Problem gone!

### Netfloats

Made in the UK these are the original design. Finished in black they are available in two designs. The 'rings' are best for smaller ponds - the rectangular grids make installation in larger ponds easier.

Rings 37x32cm Rectangles 38x68cm (WxL)

Each pack covers 3.5m length of pond perimeter (11' 6").

Netfloat Rings Pack of 20 **£24.99**

Netfloat Rectangle Pack of 10 **£24.99**

Twin Pack **£44.98** Save **£5** Triple Pack **£64.97** Save **£10**

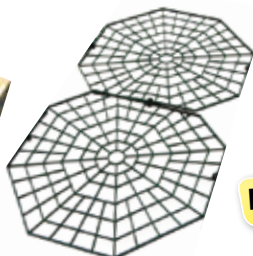

## Pond Protectors

Interlocking net rings positioned round the inside edge of the pond protect it from herons and cats. Green colour, clip together (2 clips per ring), 30x27cm each ring.

Pack of 30 rings **£19.99**

- Fits any pond
- Minimal disturbance, used on edge only. Centre remains open.
- Less than 15 minutes to fit.

**BESTSELLER**

# Pond Deterrents

## Ultrasonic Cordless Pest Repeller

Coverage of approx 5000 sq ft. Use to control cats, rodents, squirrels, deer, foxes, dogs etc. Effective range of 40ft (both PIR and ultrasound distance). 6x C batteries.

**£19.99**

## Pond Protector - Harmless electric fence

Efficient method to keep herons and cats away from a pond. The transformer gives off a low voltage electric pulse to the fence round the pond. This shocks herons or cats and persuades them to try elsewhere. Inclusive of transformer, 10 synthetic rods, 80m of electric fence, connectors and instructions. The electric cable has a length of 80m, which is sufficient to protect 40 metres of pond side with two cables. Extension set provides an additional 40m coverage.

**Buy both together & save £29.99**

Pond protector **£99.99** Extension Kit **£49.99** Protector + Extension **£119.99**

## Velda Heron Stop

Stretches a line across pond perimeter with bells attached. The ringing noise of the bells deters predators. Easy to fit and nearly invisible. Length of line is sufficient to protect ponds with a perimeter of 12.5m. Inc. 8 rods, 25m line, 8 bells.

**£19.99**

## Replica Heron

Hérons are territorial creatures so usually avoid each other. Place this realistic replica near your pond and it should help to stop the real thing.

Was £19.99

**Now £14.99**

**SAVE £5.00**

## Water Blaster

Motion detector spots heron and a jet water spray repels it from your garden. Safe and effective. Adjustable range of sensitivity. Battery powered (4xAAA)

- Range up to 10m in 120° arc
- Covers over 100sqm
- Fires a 5 second burst of water
- Resets itself after every activation
- Standard quick fit hose connection

**£39.99**

## Velda Pond Guard

Protects your pond fish from cats and herons by means of glaring flashes of light and the penetrating sound of a bird of prey (flash only if required). Operates using a movement sensor. This is the ultimate deterrent. 180° angle/25m radius. Total height 1m. 20w amplifier. Supplied with mains charger.

**£149.99**

## Solar Sonic Pest Repeller

Ultrasonic repelling and frequency motion sensor with 'hooting' sound. Can be wall mounted or spiked in ground. Features dial to adjust frequency from 15-25 kHz

**£29.99**

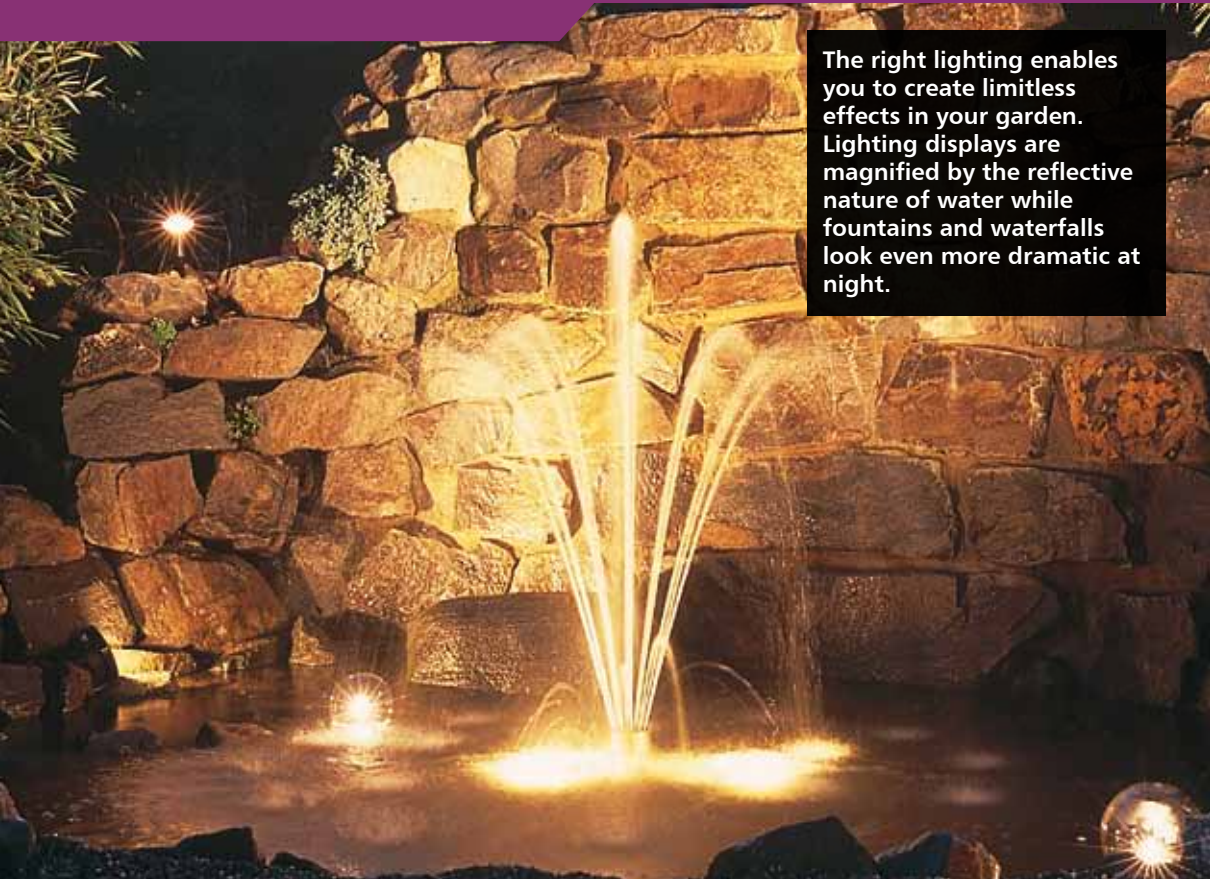

## Velda Brilliant Pyramid

Mirrored pyramid floats on water surface and reflects daylight intensively scaring herons. Protects 6sqm.

**£6.99**

# Pond Lighting

The right lighting enables you to create limitless effects in your garden. Lighting displays are magnified by the reflective nature of water while fountains and waterfalls look even more dramatic at night.

**NEW Twin Pack LED £49.99**

**Twin Pack Offer**  
Buy two sets of Lights (any mix) for £49.99 – save **£14.99**

**NEW Twin Pack Halogen £49.99**

## Pondxpert Pondlight 3

This triple 10w halogen spotlight set can be used in or out of the water. The three lights are connected to a low voltage 12v/30w transformer for safety.

- Adjustable light angle.
- 5m electrical cable between transformer and first light - 1m between each other light
- Supplied with 3 packs of 4 coloured lenses: red, green, yellow and blue.
- 1 year guarantee

### TOP TIP

Halogen bulbs offer a wider beam of illumination. LED bulbs last for many years providing an intense narrow light beam at lower wattage.

Use in or out of the water

## Pondxpert Pondlight LED

As above but just 5w running costs

RRP£59.99 Our price **£34.99**

**Making POND BUILDING Easy**

# Outdoor Power Management

The use of weatherproof outdoor switchboxes mean you just need one cable to your mains supply and you can control your equipment pondside. Any lengths of exposed outdoor cable should be housed in a metal sheath to prevent accidental breakage. Easy kits are now available at low prices making this a relatively simple DIY project.

prevent accidental breakage. Easy kits are now available at low prices making this a relatively simple DIY project.

- 1) Circuit Breaker. 5m of indoor cable.
- 2) Plug and socket adaptor
- 3) Armoured cable (only this length changes in kits)
- 4) Underground warning tape
- 5) Armoured cable emerges in safe position.
- 6) Plug and socket adaptor
- 7) Switchbox (included FREE with offer)

2" End cap (63-50mm) **£5.49**

# Pond Hose & Clips

As your pond water makes its journey from your pump to its destination - via a UVC, filter or waterfall - it needs to be constrained by a network of hose. This hose should be fixed securely to the equipment using clips - this helps prevent any chance of the hose becoming loose or leaks affecting performance. As with most things items fail due to the weakest link, that is why we only use premium hose and accessories.

## PVC Pond Hose

### Features

- Smooth bore-minimal flow restriction
- Will not kink or split
- Convenient 5m lengths will suit most ponds

## Clips

### Features

- Zinc plated, will not corrode
- Easy to tighten

**TOP TIP**  
 Use the largest size of hose available for the equipment involved - this results in less frictional loss resulting in optimal performance.
