# Nexus Filter Lids

Nexus filter lids are made from UV stable HDPE, so the lids not only look great but they are also designed specifically to accommodate filters that have the automatic kits installed on them.

- **New aesthetically pleasing design**
- **Accommodates the Auto Kit**
- **Keeps debris out of your Nexus**
- **UV stable HDPE (High Density Polyethylene)**
- **Easy to clean**
- **Now supplied with Bungee Cord Fastening Kit**

# Bungee Cord Fastening Kit

Every lid now comes with a Bungee Cord Fastening Kit which can be easily fitted to the Nexus and lid to ensure it remains completely secure at all times.

The kit includes 4 x Bungee Cord Fasteners, pins, nuts and bolts.

All the customer needs is a 3mm and 6.5mm drill bit, drill and pozidriv screwdriver and tape measure to fit the four cords around the Nexus and lid.

The kit is also available as a separate spare part item so customers can retro-fit this onto existing Nexus lids.

CODE: **NXLIDKIT**

DEALER PRICE: **£8.40**

RRP: **£14.95**
